What's your thoughts on the direction the board will take with school calendar for 23-24? Option 3?
Like last year, we've got to move ahead now with setting up the Years & Terms in PowerSchool, so pre-scheduling can begin. I don't think we can wait until the board votes, so I'll need to just go with something, and if it changes, deal with the hassle of making the change whenever. But I'd rather choose the most likely option.
